RE: 1-bromopropane (1-BP; CASRN: 106-94-5) CERHR review

Dear Dr. Shelby,

In previous correspondence I mentioned the presence of documents in the EPA Air Docket that might be of value in the CERHR review of 1-bromopropane. I am enclosing one of the documents that might be of specific value - a benchmark dose evaluation of the available toxicity information for 1-bromopropane. This, and other documents in the docket, are available to the public.

Please contact me if I can be of further assistance.

Sincerely,

Nancy O'Malley, D.V.M., Ph.D.
Toxicology Advisor
